BOAT LOAN/ HELMING

Clearly lenders only want to lend their boats to fairly experienced helmspersons. Please call/speak to the lender and come to a personal agreement well ahead of wanting to sail. The lenders will generally have their own days of sailing planned.

BOAT PARTNERSHIP/SYNDICATION

Boat Partnership/Syndication involves joint responsibility for a boat and its costs in an arrangement that allows all partners/syndicate members to sail the boat in pre-agreed proportions of time and cost. This normally involves the parties in owning a proportion of the boat but this does not have to be the case. This approach potentially gives the best use of boat assets (and is more economical for those in the syndicate; although not always a significant consideration). There may be a written Partnership/Syndicate agreement but not necessarily so. Availability:

- A 50% Partnership in Heat Wave (N18 343) for £1,500 o.n.o. See FOR SALE below.
